

IV700 LARGE CHARACTER INK JET PRINTER

ECONOMICAL INK JET PRINTING FOR 1-LINE CODING APPLICATIONS

IV700 Offers non-porous surface printing

The **IV700 Ink Jet Printer** from Diagraph, a respected leader in ink-jet printing for over 25 years, is the best value in low cost ink jet printing. The print quality, speed, message control and application flexibility surpass similarly priced competitive systems.

- Prints single-line alphanumeric messages, with built-in count, shift, time and date codes
- Stores up to 99 messages
- Integrated qwerty keyboard with number keys
- Print Speed up to 250 fpm
- Clean, easy-to-change pressurized ink delivery system
- Prints up to 225,000 characters per ink canister
- Ink formulas for porous and many non-porous surfaces
